#### Weekly Summary

Compared to last week's closing market, both feeder steers and heifers weight class price averages from 500 lbs and down ended \$2 to \$4 stronger while the heavier classes ended mostly firm with last week's closing figures. Both slaughter cows and slaughter bulls trended steady with last week's figures.

Moving past the Memorial Holidays, market analysts are closely watching the results of the holidays beef movement to see if the higher price of beef has met any consumer resistance and possibly allowing cheaper proteins like pork to gain a foothold.

Packer cows steady to a dollar cheaper. Packer bulls up to 6 dollars higher! Feeder steers 2-4 higher except for the front end 450# cattle, which looked to be 8 dollars higher. Feed heifers a little more scattered as each class may be 5 dollars up or down. 350# and down a little higher, cheaper 4 weight cattle and higher 5-6 weight heifers. Stock cows seem to get a little stronger as the grass comes on strong and demand increases. Outstanding ticket on several loads of 9 weight steers through the video! Thank you to everyone! Come see us next week for 70 head of tiger stripe heifers.

THANKS TO EVERYONE! WE APPRECIATE YOU!
